TITLE: PURCHASING CARD PROGRAM POLICY

1.0 Rationale:

The Board wishes to establish a more efficient and cost effective alternative for departments and/or schools to make supply-type purchases.

The Board will save time and money by consolidating paperwork, suppliers will receive payment more quickly, and users and departments and/or schools will get the supplies needed without unnecessary delays.

The Board can establish sound internal control procedures as well as acceptable use and administrative procedures for the use and control of Commercial Cards.

2.0 Policy:

It is the policy of the Board to use the Purchasing Card Program as described in the Administrative Guidelines attached to this policy.

DISTRICT SCHOOL BOARD ONTARIO NORTH EAST

COMMERCIAL PURCHASING CARD PROGRAM

ADMINISTRATIVE GUIDELINE

Date: October 20, 2004

PROCEDURES:

ADMINISTRATIVE GUIDELINE

Purpose of this Administrative Guideline

The purpose of this administrative guideline is to outline the internal controls, acceptable use and procedures for the use and control of Commercial Cards.

Authorization and Benefits to District School Board Ontario North East

The purpose of the Commercial Card program is to establish a more efficient, cost effective alternative for departments and/or schools to make supply-type purchases. The Commercial Card should greatly reduce, if not eliminate, the need for petty cash amounts as well as greatly reduce the need for small monetary value purchase orders.

Using the Commercial Card will be a benefit to District School Board Ontario North East, its suppliers, and its users. District School Board Ontario North East will save time and money by consolidating paperwork, suppliers will receive payment more quickly, and users and departments and/or schools will get the supplies needed without unnecessary delays.

As employees of District School Board Ontario North East, employees are being entrusted and empowered with the ability to make small-dollar purchases on behalf of the Board. Along with this empowerment comes responsibility. Cardholders are expected to make sound business decisions in the best interest of District School Board Ontario North East and always comply with the processes and procedures as set forth in this administrative guideline.

Goals for a Commercial Card Program

- Departmentally and/or school-based approved employees are authorized to use the Commercial Card to purchase low-dollar-value goods and services in support of sound business practices that will replace the more costly purchase order process.
- Benefits will accrue at the Board finance level by reducing the number of invoices, cheque requisitions and cheques processed in the Accounting Department; by reducing the number of purchase orders and requisitions processed through the Purchasing Department; by reducing the use of petty cash in schools and/or departments; by providing a simplified process and an increased level of service and reducing supplier invoicing to us subsequently reducing turn-around time for payment.

- To reduce the cycle time from order to receipt, and as a result, improve convenience for employees and create opportunities to lower amounts of items kept on hand as stock.

Commercial Cards will not replace all purchasing activities; however they will displace a majority of small-dollar item purchases pertaining to District School Board Ontario North East business practices.

Every cardholder shall be informed in writing of their responsibilities and restrictions regarding the use of the Commercial Card and shall agree to them in writing by the signing of a Commercial Card Cardholder Agreement. Individuals given Commercial Card access are held accountable for all the transactions related to their respective cards. Cardholders will be held liable for any misuse or willful disregard of administrative guidelines or operating procedures which result in a loss of money, fraud or collusion. Consequences for misuse of the Commercial Card are serious.
3. The Commercial Card is restricted to business use only and may not be used for any personal purposes. Unauthorized and/or inappropriate use may result in loss of the Commercial Card and disciplinary actions.

6. Commercial Cards must not be used:
 - when the goods and services are available under an existing contract(s);
 - when the cost of the goods or services would be significantly increased as a result of using the card and an alternative method of payment is available (i.e., a discount is provided by the vendor as a result of not using the card);

 - when a competitive bid is required under the Board's purchasing practices.
7. Under no circumstances are cash advances allowed for any cardholders.

Card Ownership

Commercial cards are the ownership of District School Board Ontario North East and are only to be used on District School Board Ontario North East business. Unauthorized and/or inappropriate use may result in loss of the Commercial Card and disciplinary actions. The Commercial Card is not transferable to any other person. It is expected that reasonable care of the Commercial Cards and card numbers will be exercised by all cardholders.

- Staple the transaction slips to the statement in the same order as listed with any additional documentation i.e. packing slips, order forms.
- Each transaction must be coded to respective general ledger budget account numbers. Note that each Commercial Card is tied to one specific cost centre/general ledger budget account number. Cardholder privileges will be suspended if the cardholder reconciliations are not submitted as requested. Continued or repeated non-conformance to this section of the administrative guideline will result in cancellation of the Commercial Card.

Accounting Department Procedures
